MONTANO WILL PLEAD GUILTY ON SECOND DEGREE?

Assistant District Attorney Files Information Against Man Accused of Stabbing Marcos Baca y Sais.

Juan Montano may plead guilty to murder in the second degree. Assistant District Attorney Harry B. Cornell yesterday filed in the district court an information to which, it was understood, Montano will plead. Montano killed Marcos Baca y Sais the night of April 3, several days after the grand jury had adjourned.
Montano stabbed Baca under the left arm with a butcher knife, inflicting a wound from which Baca died in a short time. Baca, who lived next door to Montano, was called for his supper by Mrs. Montano who said her husband was quarreling with her brother. She wanted Baca to quiet him. The killing occurred at the side of Montano's house. Patrolman Pablo Lujan arrested Montano shortly afterward.
Ruiz Case to Jury Today.
The defense rested in the Ruiz case yesterday morning. The state probably will call some witnesses in rebuttal this morning, court having adjourned at noon yesterday because it was Good Friday. The case will go to the jury this afternoon.
Narciso Ruiz, Sr., and his son, Manuel, the defendants, were placed on the stand yesterday by Judge W. C. Heacock, for the defense. They said they were at home the night Isidro Baca was murdered.

\$400,000 WORTH OF SECURITIES ARE RECOVERED

Edward J. Quigley, Arrested in Baltimore, Has Valuables Stolen on New York Ferryboat From Mail Wagon.

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Baltimore, April 21.—A man giving the name of Edward J. Quigley, having in possession all the securities stolen on a ferryboat at New York on February 26, was arrested here this evening.
The arrest was a piece of good luck by the postal authorities. Quigley was seized on suspicion of being wanted in St. Louis for raising money orders. An alleged confederate named George F. Windall was arrested with him but is held on a technical charge. Quigley fought against arrest but was overpowered. His alleged confederate submitted quietly.
Quigley's grip contained a large bundle of certificates of stock of the Baltimore & Ohio railroad, the Chicago, Burlington & Quincy, New York City stock and other securities of aggregate face value of \$400,000. A sight draft for \$38,000 drawn on S. F. Smith, Lockhart & Company of Baltimore, was also found in the satchel attached to certificates for 100 shares of Union Pacific, and 100 shares of Northern Pacific stock.
Chief Postoffice Inspector J. C. Koons said he believed that the satchel contained all the securities which had been sent from Baltimore in the registered mail pouches stolen on the New York ferry boat.
Quigley said that the satchel had been left on the train by a man and woman who got off at Philadelphia and that he took it. This was all that he would say after three hours sweating in the federal office here. He said he was on his way to New Orleans from New York. One theory of the postoffice people here is that he came on intending to make a deal with the persons owning the securities.

GERMANS STILL ARE BOMBARDING VERDUN FORTS

Turks Claim to Have Inflicted Another Severe Defeat on British Forces on Mesopotamian Front.

BY MORNING JOURNAL SPECIAL LEADER WIRE.
On all the fronts around Verdun, the Germans are heavily bombarding French positions, especially those occupied by the French in their last attack around Le Mort Homme, north west of the fortress, and in the sector from the eastern bank of the Meuse to Fort Vaux. No infantry engagements have taken place around Verdun, although Paris records the occupation of a portion of a crater made by a German mine in the Arzonville forest.
German Offensive Fails.
The Germans in East Gaul near Poperinghe went on the offensive against the Russians, but Petrograd asserts that their efforts were without result. The bombardment by the Germans of the Russians holding the Raskul bridgehead is still in progress. Further south of the Meuse, the Germans essayed an attempt against Russian trenches but were repulsed.
On the Austro-Italian front there have been the usual artillery duels and at various points small infantry engagements. At no point, however, has any important change in position taken place.
Admit Fall of Trebizond.
Petrograd reports that the Russian Caucasus army continues on the offensive against the Turks in the Black Sea district of Asia Minor. Constantinople, in acknowledging the occupation of Trebizond by the Russians, says the town already had been evacuated in anticipation of its capture, the Turkish troops withdrawing "in accordance with instructions to a sector where they will have a new task to fulfill."
Another defeat of the British in the Tigris region near Fehle, is recorded by Constantinople. The British are declared to have been forced to abandon with heavy losses advanced positions they had occupied and compelled to retreat westward.

man who worked for Taft four years ago, or he may be one of that branch of the party which supported Roosevelt, but that he will be entitled to the full support of the republican voters. Mr. Spiese was elected when he said the time has come when this country must place at the head of the government a man who will restore the United States to an honored and respected place among the nations, and recommended a stalwart republican for the office. Mr. Spiese declared that republican principles of government should be reinstated if the country is to enjoy prosperity.
Colonel M. M. Padgett and Lorenzo Delgado, also of Las Vegas, were present as guests.

GOOD ROADS BILL IS SIDETRACKED IN UPPER HOUSE

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Washington, April 21.—After three days debate on the Bankhead good roads bill, the senate adjourned late today without reaching a vote and under the recently adopted legislative program, the measure now will be displaced by the rural credit bill. This is generally regarded as meaning that there will be no road legislation at this session.
Senator Bankhead, in charge of the bill which would appropriate \$75,000,000 during the next five years to be used with the actual amount contributed by the states for road building, tried unsuccessfully to get unanimous consent to vote on his measure. Senator Lodge refused the necessary consent.
During the debate, Senator Harding obtained the adoption of an amendment, which would require the states to guarantee to maintain the roads built by federal aid for a period of ten years. Senator Smoot offered as a substitute for the Bankhead bill—himself a substitute for the Shuckford bill passed by the house—the so-called Bourne bill, which would provide for the federal government extending its credit to the states for fifty years to the extent of \$500,000,000 for road building purposes.

REGISTERED MAIL TAKEN FROM AUTOMOBILE TRUCK

New York, April 21.—The robbery of which Edward J. Quigley was arrested in Baltimore tonight occurred here February 26, when four packages of registered mail were removed from an automobile truck while in transit on a ferry boat from the Communipaw, N. J., station, to the Central Railroad of New Jersey to Liberty street, New York. The packages, three of which were from Washington, D. C., and one from Baltimore, were stolen from mail pouches.
It was announced later that many thousands of dollars worth of securities sent from Baltimore and addressed to Potter, Choate & Prentiss, members of the New York stock exchange, had been taken from the automobile truck. The New York Trust company also announced that two railroad gold bonds, which had been mailed to them from Baltimore, were missing.

CONTRACT FOR BRIDGES IN TIJERAS CANYON LET

The Missouri Valley Bridge & Iron company received the contract for the construction of two bridges in Tijeras canyon. This company's bid on one bridge was \$2,451 and on the other, \$3,141. The structures are to be completed by August.
The Missouri Valley Bridge & Iron company is a bidder on two other bridges to be built in New Mexico. If the company gets the contract for these bridges also, the two bridges in Tijeras canyon will cost slightly less than the figures quoted in the separate bids.

MORA COUNTY DELEGATES FAVOR DR. CUNNINGHAM

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.
East Las Vegas, N. M., April 21.—From sentiment expressed at the Mora county republican convention yesterday, it is apparent that the delegation from that county will favor the selection by the state convention of Dr. J. M. Cunningham of this city as a delegate to the republican presidential nominating body, which will meet in Chicago on June 7. Charles A. Spiese of this city was present at the convention by invitation. As national committeeman he spoke words of encouragement and advice to the republicans of Mora county.
Mr. Spiese said that the nominee of the republican party may be a
